PIGS IN THE VALLEY

BIG DRAIN RECOMMENDED
TO MAKE KEWALO CLEAN

Contract of \$13,000 Goes to Hobron Drug Company—Trying to Have the Mail Fumigated at San Francisco.

The Board of Health held an adjourned meeting yesterday afternoon. In the absence of Dr. Cooper, E. A. Mott-Smith occupied the chair.

The meeting was principally devoted to hearing reports from committees upon various matters.

The committee to consider the application of certain residents of Nuuanu valley to raise pigs reported adversely to the application of Mr. Henriques and favorably on those of C. L. Wright, Ah Loy and Ah So. Pig raisers will be required to keep their swine on cement floors, one foot above the surface of the ground. Cement closed drains must lead from the cement pig sty to a cement cesspool and the pigs must not be allowed to run at large in adjacent lots which are not floored with cement. No pig sty will be permitted above the water works reservoir.

The committee to revise the charges for garbage service recommend that the matter be delayed until the question now pending in the Legislature of transferring this branch of service to the Department of Public Works is settled.

Dr. Pratt had conferred with Dr. Cofer of the United States Marine Hospital Service about fumigating the mails at San Francisco or en route. A letter was forwarded by Dr. Cofer to the Surgeon General at Washington asking that he approve the plan.

Prof. Shorey reported that he had received queries as to the effect of feeding brewery refuse to milk cows. The chemist was told to make an investigation.

The committee to pass on tenders to furnish drugs for the Board of Health, recommended that the contract be awarded to the Hobron Drug Co., which was adopted. The contract carries with it about \$13,000 worth of business. One bid for supplying pal to the leper settlement was opened. It was from the firm of Lau Tong and ran as follows: First and second years, 21-pound bundles, \$1.03 per bundle. 25 pounds, \$1.23; third and fourth years, 21 pounds, 73¢; 25 pounds, 87¢; fifth and sixth years, 21 pounds, 71¢; 25 pounds, 83¢; seventh and eighth years, 21 pounds, 63¢; 25 pounds, 75¢. The matter was referred to Mr. Auld.

The report on the Kewalo drain to improve the sanitary conditions of that district showed estimates from Board Supervisor Campbell, as follows: The drain instead of stopping at Waimann street should be continued on Kapiolani street and King street, thereby relieving the congestion of storm waters at Kapiolani and King streets that occurs during every storm. The length of drain from Waimann street to the sea shore is 2,400 feet. A six-foot drain, as shown in the accompanying sketch, is sufficient to take off storm waters and drainage. Cost—Waimann street to sea shore: 2,400 feet, at \$6 per foot, \$14,400; 1,600 feet at \$5.50 per foot, \$8,800; total, \$23,200.

The Board recommended that this amount be included in the Appropriation bill.

Allan Dunn will assume full charge of the Pioneer Advertising Company today, having resigned his position with the Advertiser to accept this new work. Mr. Dunn has had a wide experience in the advertising line and will doubtless make a success in this specialty.

"Old Pal" Gorman, who had been a patient at the Queen's Hospital a short time ago, is back at work again registering the poor benighted heathen on the other side of the island.

REPORTS ON TAX MATTERS

At the forenoon session of the Senate yesterday, Mr. Carter, acting for the Ways and Means Committee, presented the following report dealing with tax matters, a gist of which was given in yesterday's Bulletin:

The Ways and Means Committee, to whom were referred sundry items in the Appropriation bill under the Treasury department, begs to report as follows:

Item 150, Salary of the Commission, Deputy Assessor and Collector, \$95,000.

Your committee finds that this item covers the salaries of two deputy assessors for Honolulu and commissions varying from 2 1/2 to 5 per cent on amounts collected by Tax Assessors in country districts.

This committee expended last year under this head \$11,474.75, and as this year the taxes are expected to be larger, it will necessitate a larger amount being paid in commissions.

But as the system of collecting the taxes is so different, we recommend a division, putting under "Salaries and Pay Rolls" the cost of collecting the Honolulu taxes, and under "Current Expenses" the amount necessary to cover the commissions paid for collecting the taxes in outlying districts.

In addition to the foregoing, the Tax Assessor's office will, of necessity, this year have charge of the collection of the income tax, and your committee believes that the Legislature should make ample provision for a sufficient force to put this tax into operation effectively.

If the Legislature desires this department to be more effective and a larger revenue obtained, your committee believes that the striking of item 150 and inserting the following:

150A, Pay of Deputy Assessors, Honolulu, one at \$4,000 and four at \$3,600, \$18,400.

Pay of Deputy Assessor, Income Tax, Honolulu, \$3,600; Pay of Income Tax Clerks, \$6,000; Pay of Tax Office Draughtsman, \$2,400; Pay of Clerks, Honolulu office, \$9,600. Total, \$40,000.

And further items under Current Expenses, Treasury Department:

116A, Commissions of Deputy Assessors for districts other than Honolulu, \$70,000.

Commissions for Deputy Assessors, Income Tax, other than Honolulu, \$25,000.

KANUHA'S RESOLUTION

STIRS UP A TEMPEST
AMONG THE SENATORS

Ask That Journal be Examined By a Committee Before Sending Same to Washington.

When the Senate met yesterday afternoon and Mr. Kanuha introduced the following resolution, there was a discussion that lasted for a full hour:

Resolved, That the President is hereby authorized to appoint a committee of three to examine and see that the Journal of the Senate is correct and in due form for transmission through the Secretary of the Territory, to the President, the President of the Senate, and the Speaker of the House of Representatives of the United States of America in accordance with the Section 69 of the Organic Act.

Mr. Carter wanted to know just what Mr. Kanuha meant by the resolution. It was a slur on the clerk and he for one believed that the Journal was in perfectly correct form. The resolution should not be noticed for a minute.

Mr. J. T. Brown said he was anxious to have the resolution adopted. He had heard rumors to the effect that the Journal had been changed and these rumors had emanated from members of the Republican party.

When questioned later as to these rumors, Mr. Brown answered that they had come from a white man and a native, both members of the Republican party. He did not care to make known the names of his informants.

Mr. Baldwin said that he had at first been antagonistic to the adoption of the resolution since it reflected directly on the clerk; however, since the resolution had been introduced and the integrity of the clerk had been brought into question, he felt that every one should vote for the appointment of a committee.

He did not question the correctness of the Journal but he felt that an investigation was due the clerk. Mr. Baldwin, continuing, said that in case there should be any who voted against the resolution, there would be some who would say that there was some reason for not wishing the records of the Senate examined.

Mr. Kalaupokalani said that there was no use in delaying action on the question. The resolution should be either adopted or rejected. He for one wanted an investigation. He wished to see just what records were going to Washington. In the printing of the Journal, there might have been some changes, made inadvertently. If this were a fact, he wished to know it.

Mr. Baldwin stated that the clerk wished to make a statement and then made a motion to the effect that he be allowed this privilege. The motion was seconded by Senator Crabbe but the Independents were not favorable.

Mr. Kalaupokalani moved the previous question, this was carried, and the chair put the amendment of Mr. Crabbe to increase the number of the committee to five, which carried. The original resolution as amended was then put and carried, and the chair appointed the following committee of investigation: Messrs. Kanuha, Kalaupokalani, Baldwin, Paris and White.

At 3 o'clock, the Senate adjourned until 10 o'clock Monday.
